OACCPP on EEEnet Connect

What is EEEnet Connect?

EEEnet Connect is an online community where members of Ontario’s mental health and addictions system can create profiles, share knowledge, and collaborate more effectively with one another. The community reinforces existing relationships, while allowing new connections to take root and grow.

EEEnet Connect is managed by Evidence Exchange Network (EEEnet), a knowledge exchange network that helps create and share evidence to build a better mental health and substance use system in Ontario. Located in the Provincial System Support Program (PSSP) at the Centre for Addiction and Mental Health (CAMH), the network includes researchers, clinicians, service providers, system planners, policymakers, persons with lived experience, and families. EEEnet is supported by a team of knowledge brokers and communications specialists.

OACCPP’s Private Group

There is now an online private group on EEEnet Connect for members of OACCPP. This private group provides members the opportunity to build relationships, collaborate, and share knowledge with other OACCPP members related to their area of expertise.

The group is free to all OACCPP members!

To join the online private group, please follow the steps outlined on the next two pages of this document.
How to Join OACCPP's Private Group on EENet Connect

A Step-by-Step Guide
